Social media is a useful and essential tool for businesses to reach potential clients and continue to build current relationships!

Building community with current posts, relational information and interactive content can be vital to expanding your reach and increasing your marketing engagement.

Here are the services I can offer if you are needing a little content boost:

- Research industry for best content
- 3 Posts a week to site Facebook page
- Utilize insights & analytics for optimized posting
- Provide a simple monthly analytics report
- Includes contracting tasks & fees
- 3-month contract w/ reassessment

### **\$ 200—*One-time fee***

For newly established companies or organizations, I can set up a business' social media pages! You supply all needed content (email address to connect to page, logo, image for banner, company description, etc.), and I'll get you all set up!
